"RAX" TECHNICAL CAPABILITIES

Manufacturing of axles with various degrees of machining
(Semi-finished and finished).

Advantages:

- Production speed and location.
- Own technical drawing database.
- Custom manufacturing of products and technical drawings according to the client's technical specifications.
- Technical and technological expertise of drawings and specifications (free of charge)
- Product quality control
- Careful loading and transportation control
- Fleet of various CNC equipment.
- Mechanical processing of various complexity levels

Transport	Type of Transport	Type / Series	Axle
For Wagon	Mainline railway wagons DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008	Rolling stock wagons for 1520 mm gauge railways	Finished wagon axle RU1Sh (Load capacity: 23.5 t) Semi-finished wagon axle RU1
	Diesel trains. Ukraine and CIS DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008	Diesel trains RM5, RM3 1520 mm gauge railways	Variety
	Freight wagons America Standard M101	American railway wagons	Wagon axle, AAR Dimensions: M101 AAR 6 ½ x9, 6 ½ x12, 7 x12
	Passenger wagons. Europe Standard EN 13261, EA1N, TSI certificate Wheelset load on rail: 20 t	GP200, Y32 European gauge rolling stock (1435 mm)	Finished axles BA188, BA409, BA088
	Passenger wagons. Europe Standard EN 13261, EA1N, TSI certificate Wheelset load on rail: 23.5 t and 25 t	GP200, Y32 European gauge rolling stock (1435 mm)	Finished axles BA002, BA302
	Freight. Ukraine and CIS DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008	Freight wagons for 1520 mm gauge with a wheelset load of 25 t	Wagon axle RV2Sh Semi-finished axle
	Motorized wagon rolling stock	RM3, RM5	
	Hopper wagon, Dump wagon, Open wagon, Platforms, Reefer wagon, Tank wagons		Manufacturing of any type of axles according to your request or drawing
Internal production transport		Ukraine and CIS, Europe, America	General-purpose axle
	Diesel trains. Ukraine and CIS DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008	Diesel trains RM5, RM3 1520 mm gauge railways	Variety

Locomotives	General-purpose locomotives		Semi-finished axles
	Locomotive diesel axle Ukraine and CIS DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008	Mainline two-section freight locomotives of the 2TE116 series.	Locomotive diesel axle 2TE116
	All types of locomotives. EU and USA	M62 + All types of locomotive axles upon request and according to customer drawings	Semi-finished axles
	Shunting diesel locomotive DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008 Ukraine and CIS	Shunting diesel locomotive ČME3 Manufactured by Czechoslovak company ČKD Praha	Semi-finished axle Locomotive axle for ČME3 series diesel locomotives Diesel locomotive axle (ČME3)
	Electric locomotive DSTU GOST 31334:2009 (GOST 31334-2007 IDT) TUU 27.1-23365425-639:2008 Ukraine and CIS VL8 – Two-section, eight-axle mainline DC electric locomotive VL80 – Freight mainline two-section AC electric locomotive (25 kV)	Mainline electric locomotives of VL8 and VL80	Locomotive Semi-finished Axle
Urban Transport	Metro Europe, Ukraine, and CIS	Manufacturing of any type of axles according to your request technical drawing	
	Trams Europe, Ukraine, and CIS	KTM-5, Series T	Manufacturing of any type of axles according to your request technical drawing
Industrial rail transport	Industrial locomotives Mine carts and specialized wagons (for transporting bulk materials, liquids, metals, etc.) Rail transport platforms Special rail machines: Repair complexes, loaders	Manufacturing of any type of axles according to your request technical drawing	
Special railway transport equipment	Track machines Special-purpose locomotives (shunting, maintenance) Railway cranes Draisines and motorized draisines Snow removal equipment Rail inspection machines (track condition diagnostics)	Axles for railway special equipment servicing Italian infrastructure.	Manufacturing of any type of axles according to your request technical drawing
Special self-propelled rolling stock	Railcars, Draisines, Motorized Trolleys	Manufacturing of any type of axles according to your request technical drawing	

Certificates: EN 13261, PKP CARGO S.A., AAR M-1003, TSI
Quality management system ISO 9001:2015 certified by AFNOR "AFAQ".

We look forward to cooperating with you!
